Academic Calendar I-100-S

The Board-adopted Academic Calendar is available here:

Attendance and Absence Procedures S-115-S

Expectations for Attendance

Attendance is essential for learning. By law, all children must attend school from the age of 7 until the age of 17. Parents/guardians are accountable for the attendance of their child. The District will inform parents/guardians of their student's absence and support families when attendance becomes a concern. It is the responsibility of the student to make up work due to an absence. Students who wish to participate in school-sponsored activities must attend school the entire day on which the activity occurs, unless the principal has pre-approved the absence based upon special circumstances. The administration makes the final determination regarding whether an absence is excused or unexcused.

Any student who is absent from school more than five (5) days, whether excused or unexcused during a semester is subject to loss of credit for that class. Attendance is vitally important to the performance of each student. In order to receive credit for a class, a student must maintain a passing grade as determined by the instructor and not miss more than five class periods in any one semester. School sponsored activities are an exception.

Parents will be notified at the 5th, 8th, and 10th absence intervals. The school recognizes that extenuating circumstances beyond the control of the student do exist (such as chronic illness, hospitalization, accidents, etc.) It is the student's and parent's/guardian's responsibility to ensure that complete documentation concerning all absences is on file in the office. Absences beyond 5 will require documentation. On the

11th absence per semester, the student may be placed on summer school status. This means the student may be required to attend and successfully complete summer credit recovery classes.

Excused Absences

Parents or students must provide proper notification and documentation to the school showing the absence was unavoidable for an absence to be excused. It is the responsibility of the student to make up work with teacher support when a student's absence is excused. The timelines for turning in make-up work will be determined with the teacher.

Parents must report a student's absence by 9:00 a.m. on the day of the absence. The school will contact parents who do not report a student's absence by the designated time. When a student is released early from school to a parent or guardian, it constitutes an absence. In general, prior notification is required when a student is dismissed early and the student must be checked out through the office. The administration may request documentation to determine whether an absence is excused. Excused absences are allowed for:

- Illness of the student
- Medical appointments that cannot be scheduled outside the school day
- Serious illness or death of a family member
- Religious observances
- School-sponsored activities (e.g., field trips, athletics, competitions, etc.)
- Court appearances or other legal situations beyond the control of the family
- Emergency situations as approved by the principal
- Visits from a parent or guardian on active military duty who is on leave from or will be immediately deployed, with notification and approval of the principal
- Suspensions
- An absence which has been requested and approved in advance by the principal due to exceptional circumstances. In these situations, make-up work should be requested in advance of the absence and any tests, projects, or in-class assignments will be made up at the direction of the teacher.

For each excused day missed, a student is allowed at least two days to make up work, up to one calendar week, depending on the complexity of the assignment.

Unexcused Absences

Absence for reasons other than the categories of excusable reasons, or that does not have the proper documentation for an excused absence as determined by the principal, will be considered unexcused. Excessive, unexcused absences will result in written notice from the principal to the parents/guardians. The principal may request a parent/guardian conference to discuss attendance concerns and a collaborative plan may be developed to remove barriers to attendance. When attendance remains problematic, the school may contact the appropriate agencies and/or authorities for assistance.

For each unexcused day missed, a student is allowed one day to make up work.

Notes, visits, emails, or phone calls from the parents as to the reason of the student's absence will be required for any absences and admit slips will be marked excused or unexcused.

Late Arrival/Tardiness

A student who enters a classroom after the bell has rung is tardy.

At the secondary level, the first two cumulative tardies in a quarter will result in warnings. After the third tardy the student is to receive a 30-minute detention, after the fourth a 60-minute detention. In addition, the collective tardies will be subject to the following:

5th Tardy = In-School Suspension

6th Tardy & More = 3-10 days ISS

(At the start of each quarter, the process begins again)

Truancy

Truancy is when the student is absent from school without permission of the parents/guardians or school official. Truancy includes, but is not limited to, skipping class, falsely informing the school about the reason(s) for the absence, or absences that have not been pre-arranged and pre-approved as excused. A student is considered truant if he or she leaves the school grounds after reaching the school grounds in the morning. A student who rides a bus is considered truant if, after the bus reaches the school, he/she does not promptly come up into the school. The District may assign disciplinary measures for truancy. Students who are truant are encouraged to make-up the work to aid learning. The timeline for making up work is the same timeline as making up work for any other unexcused absence. Families are entitled to appeal assigned consequences to the Superintendent or designee.

Missing School and Attending an Activity

A student must be in attendance in all classes during the school day to participate in or attend a school activity that day. A student must be in attendance in all classes on the last day of a school week in order to participate in a Saturday activity. Exception to this policy will be those students who have an appointment or event that is pre-approved by the principal. Work will not be an exception. In certain cases, a student may be disallowed from attending extracurricular activities if a student has excessive absenteeism.

Dress Code S-180-S

The purpose of a dress code is to contribute to a safe, healthy environment that protects students and maintains a focus on learning. The dress code included in this handbook provides guidance to students and parents as to what constitutes appropriate attire for school and school activities. District administrators have the discretion to determine

whether a garment or manner of dress not specifically described below is appropriate attire for school and school activities and/or causes a disruption to the educational environment. Administrators have the authority to take action to address dress code matters as they arise. The following District guidelines should be observed:

Dress Code Expectations

Shirts and shoes must be worn. No house shoes or slippers are allowed. Clothing should be properly fitted (not overly restrictive or loose). Coverage of the body is expected. Therefore, the following garments are not permitted: see-through garments; tops that are backless, strapless, low-cut, bare-midriff, have overly-large arm openings; or spaghetti straps; clothing that does not cover undergarments when a student is sitting or standing; undergarments worn as outer wear; clothing that does not reach to mid-thigh; holes in pants that are above mid-thigh unless patched.

Dress Code Prohibitions

Clothing or accessories with any of the following are not permitted:

1. Profane, obscene, or otherwise inappropriate language;
2. Words, symbols or images that promote illegal, sexual, or violent behavior;
3. Advertisements or promotion of alcohol, tobacco, or drugs;
4. Language or symbols that promote gangs.
5. Hats; hoods (hooded sweatshirts worn up); do-rags; handkerchiefs; sunglasses; face paint; overly-dramatic make-up; or other wear that restricts the line of sight of a student's face and/or facial recognition may not be worn, although exceptions will be made by the principal for head coverings that have religious significance, are worn for medical reasons, or are for a specific, school-sponsored event. No blankets shall be carried or worn as coats or wraps while in the building. No heavy or loose chains, or straps that create a safety risk are allowed.

Additional Dress Code Information

Courses and/or class activities that require observance of specific safety requirements may require adjustments of a student's clothing, accessories, or hair style for the duration of the class (e.g., hair pulled back and/or hair nets for culinary classes or other safety wear, etc.). Other dress code requirements may be articulated for students participating in certain extra-curricular activities.

Violations of the District dress code will be addressed with remedial actions and/or consequences.

Food Service Program F-285-S

We have a closed lunch period. This means that all persons will go to the cafeteria during lunch. Students will be asked to remain in the cafeteria and will not leave the cafeteria without permission from the supervisor in charge of students at that time. Visitors will not be allowed to eat during lunch shifts without prior approval from administration.

Meal Prices are as follows:

	Breakfast	Lunch
Elementary	\$1.65	\$2.30
High School	\$1.90	\$2.55
Reduced	\$0.30	\$0.40
Adults	\$2.40	\$3.20
Milk	\$0.45	\$0.45

Additional “Grab & Go” items are available for purchase for MS/HS students, unless designated for Elementary students during breakfast only. More information on the District’s Food Service Program is available by contacting Janie West, Food Service Director, (816) 640-2811, ext. 197, westj@wpsd.net, or by visiting the District webpage at: <https://wpsd.net/cms/one.aspx?portalid=750812&pageid=2008991>.

Free and Reduced Lunch Application

The Free and Reduced Lunch Application is sent home with every student on the first day of school and is included in enrollment paperwork for any student enrolling after the first day of school.

Allergy Prevention and Response S-145-S

The District is required to ensure students with allergies are safe at school through planned prevention and response to a student’s allergic reaction. For purposes of District policy and related procedures, an allergic reaction occurs when the immune system overreacts to a typically harmless substance and may be mild to life-threatening. Allergy prevention and response protocols apply to all school locations, including nonacademic, school-sponsored activities and transportation provided by the District. The Board authorizes the Superintendent or designee to develop and implement procedures to protect the health and well-being of students with significant allergies.

Building-Wide and Classroom Approaches

All foods provided by parents for treats, celebrations, and classroom activities may not be home made. All food products must have consumer labels listing ingredients and allergy information with the exception of fruits and vegetables.

Parents/guardians should provide, at the time of enrollment, information on any allergies the student may have. The school nurse may request written permission

from the parents/guardians to communicate with a student's health care provider as needed. Staff members are trained annually on risk reduction strategies, symptom recognition, and response procedures. The school nurse has an emergency kit available and accessible in all school buildings containing prefilled auto syringes of epinephrine and asthma-related medications as allowed by District rules.

The District will provide age-appropriate education for students, consistent with state learning standards, including potential causes of allergic reactions, information on avoiding allergens, symptoms of allergic reactions, and simple steps a student can take to keep classmates safe.

All processed foods, including food sold in vending machines, are labeled with a complete list of ingredients on each individual package. Ingredient lists will be created for all food provided through the District's nutrition program, including before- and after-school programs, which are available upon request. This also applies to items sold as part of concessions, fundraisers, and classroom activities.

Individual Approaches

The District will evaluate and determine whether a student's allergies rises to the level of a disability that require accommodations through the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504). For those students who have allergies that do not rise to the level of disability, a designated team may develop an Individual Health Plan (IHP) and/or Emergency Action Plan (EAP). Staff who have a need to know about a student's allergies and plan will be informed and trained, and all staff members will follow any IEP, 504 Plan, IHP, and/or EAP.

A student's health information and individualized plan will be kept confidential and not shared with those who do not have a need to know unless authorized by the parent/guardian or as allowed by the Family Educational Rights and Privacy Act (FERPA). The District will communicate and collaborate at least annually with parents/guardians regarding the student's allergies, medications, restrictions/precautions, emergency contacts and any other relevant information to keep the student safe.

Health Services S-215-S

Health services are provided under the direction of a school nurse. The school nurse for your student's building may provide services in other buildings as well. Although the nurse may be not physically present at all times in a specific building, the nurse is always on call and there are trained employees in the building to provide first aid, dispense medication, and support the needs presented in the health office.

Illnesses/Injuries

If a student becomes ill, he/she will be sent to the office with a health room pass which will be signed prior to the student going to nurse's office. If the nurse feels that the student cannot finish the day, the nurse will have the authorization to send the student home.

Health Screenings

Vision and hearing screenings will be held yearly for grades K-6. Grades 7-12 vision and hearing screenings will be done per parent or staff referral.

Health Office

If you have any questions, please contact Shannon Miller, Nurse, (816) 640-2811, ext. 2055, millers@wpsd.net.

Administration of Medication S-135-S

All medication is kept in the health office and no medication will be dispensed without written parental permission, including over-the-counter medication. Many medications can be given at home before or after school. When this is not possible, medication should be brought directly to the health office and must be accompanied by the following information:

Non-Prescription Medication – A written note from the parent/guardian with the student's name, reason for the medication, the time the medication is to be given, the dosage prescribed, and the number of days the medication is to be administered at school. These medications include, but are not limited to, allergy medication, decongestants, cough syrup, ibuprofen (Advil), acetaminophen (Tylenol), cough drops, or other.

Prescription Medication – Prescription medication must be sent to school in the original prescription container. The prescription label will serve as the written permission from the physician. If the doctor has given samples of medication, then a written note from the physician is necessary and should include the name of the student, the medication, and the dosage prescribed. The nurse may need to clarify prescription orders with the provider.

When a student has a health condition which needs accommodation or may necessitate emergency care, it is important that the school nurse be informed. While the District has epinephrine and albuterol available for emergency use, students that have been prescribed those medications should have an adult bring their medication to the nurse. If a doctor deems it appropriate for a student to carry and self-administer medication documentation must be on file in the nurse's office. Examples of a health condition that would need to be shared with the school nurse include severe allergies, asthma, diabetes, hearing loss, seizure disorder, etc. This would include situations when a physician recommends a student assume responsibility for self-medication. The nurse may request a release of information from the student's health care provider and the

information may be shared with necessary District staff members on a need to know basis. Please contact the school nurse.

Communicable Diseases F-245-S

Parents/guardians must notify the District if their student has a communicable disease. Parents/guardians will be required to provide written approval from the student's treating physician in order for their student to attend school. The District reserves the right to prevent student attendance until clarification or implementation of precautionary measures are in place. Parents/guardians are required to notify the District if they are enrolling or have a student attending school who is HIV positive.

Medical information of students is highly confidential, and the District will take necessary steps to protect the medical information of students and ensure that such information is released only to those with a need-to-know and/or individuals and entities who are required by law to be notified of certain health and medical information.

Students with a communicable disease who exhibit behaviors that increase the chances of their condition being spread to other individuals, may be subject to discipline in accordance with the discipline code, and state and federal law.

Immunizations and Vaccinations

It is unlawful for any student to attend school unless the student has been immunized according to Missouri School Immunization Law or unless a signed statement of medical or religious exemption is on file at the school, which is described in all enrollment information. Parents/guardians should bring immunization records at the time of enrollment and obtain additional immunizations as required by state law.

Student Insurance S-140-S

The District recommends student accident insurance for the protection of a student and parents/guardians. It is the responsibility of the parents/guardians to arrange insurance coverage as the District does not assume financial responsibility for student injuries. The District does, however, make an optional student accident group plan available for students, for which a carrier is named and rates established annually. Families and/or students must deal directly with the insurance carrier to obtain information about available coverage and policies.

Students participating in interscholastic athletics are required to have insurance coverage. This may be in the form of either family coverage or the coverage offered through the District. Missouri State High School Activities Association (MSHSAA), requires that a student be covered through insurance before being allowed to practice or compete for a school team. The student will not be allowed to participate in interscholastic practices or competitions until proof of insurance is provided.

The District also provides information about MO HealthNet for Kids (MHK), Missouri's Medicaid program, to qualifying families who enroll students in the District. Parents who complete an application for free and reduced-priced meals (FRL), and who indicate on the application form a child does not have insurance, will be notified by the District that the MHK program is available. Forms for MHK may be accessed at: <https://dese.mo.gov/sites/default/files/FNS-FreeandReduced-DirectCertbooklet2018-19.pdf>.

Student Records S-125-S

Access to and Release of Student Information

All parents/guardians may inspect and review their student's education records, seek amendments, consent to disclosures and file complaints regarding the records as allowed by law. The parents'/guardians' rights relating to the education records transfer to the student once the student becomes an eligible student; however, parents/guardians maintain some rights to inspect student records even after a student turns 18. The District allows access to records to either parent, regardless of divorce, custody or visitation rights, unless the District is provided with legal documents that the parent's rights to inspect records have been modified.

Directory Information

Directory information is information about a student that generally is not considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The District will designate the types of information included in directory information and may release this information without obtaining consent from a parent or eligible student unless a parent or eligible student notifies the District in writing. Parents and eligible students will be notified annually of the information the District has designated as directory information and the process for notifying the District if they do not want the information released. Even if parents or eligible students notify the District in writing that they do not want directory information disclosed, the District may still disclose the information if required or allowed by law. For example, the District may require students to disclose their names, District email addresses in classes in which they are enrolled, or students may be required to wear or display a student identification card that exhibits information designated as directory information. The District designates the following items as directory information:

General Directory Information: The following personally identifiable information about a student may be disclosed by the District without first obtaining written consent from a parent or eligible student: Student's name; date and place of birth; parents' names; grade level; enrollment status (e.g., full-time or part-time); student identification number; user identification used by the student for the purposes of accessing or communicating in electronic systems as long as that information alone cannot be used to access protected educational records; participation in District-sponsored or District-recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees, honors and awards received; artwork or course work displayed by the

District; schools or school Districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

Limited Directory Information: In addition to general directory information, a student's address, telephone number and email address; and the parents' addresses, telephone numbers and email addresses may be disclosed to: school officials with a legitimate educational interest; parent groups or booster clubs that are recognized by the Board and are created solely to work with the District, its staff, students and parents and to raise funds for District activities; parents of other students enrolled in the same school as the student whose information is released; students enrolled in the same school as the student whose information is released; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services.

Military and Higher Education Access

The District will disclose the names, addresses and telephone numbers of secondary school students to military recruiters or institutions of higher education as required by law. However, if a parent or a secondary school student who is at least 18 submits a written request, the District will not release the information without first obtaining written consent from the parent of the student/eligible student.

Release

Parents or guardians may designate additional adult(s) to have access to their student's records by requesting a Family Educational Rights and Privacy Act (FERPA) release form from the building office.

Notice

Parents/Guardians and/or eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Visitor Procedures C-155-S

For student purposes, all visitors MUST use the main entrance, report to the office, and sign in and out upon arrival and departure. No one will be allowed to enter the hallways or classrooms without permission from the office and without a visitor's pass. If you need to pick up your child before the end of the school day, come to the office and your child will be called to the office. Students are not allowed to bring students from other

districts to school. Agents and individuals are not allowed to conduct business on school premises without permission of the principal.

Transportation Services F-260-S

Buses - The West Platte Board of Education provides bus transportation for all students who live one mile or more from school. Designated pickup stations have been established and students who wish to ride the bus must be at the appropriate station at the time the bus arrives. Because of time schedules buses cannot wait for students at these stations beyond the designated departure time. At the conclusion of the school day buses are available to return students to specified areas near their home. To continue riding a bus to and from school a student must conduct themselves properly at all times and abide by the rules established by the driver who has complete authority over the conduct of students when they are on or near a school bus.

Transportation Changes

We try very hard to accommodate transportation changes. Occasionally parents request that a number of children (sometimes as many as 4 or more) ride a particular bus to a birthday party, scout meetings, etc. When such a request is made, the extra students riding can cause a disruption on the bus. We ask that you help us by carpooling whenever possible in the event that you need a group of students to change buses. Your cooperation will be greatly appreciated. In the event of transportation changes, please send a signed note. If you must call the office with a transportation change, please do so before 2:00 p.m. After that time, the office gets very busy which makes the relay of messages difficult.

Student Discipline S-170-S

Student Code of Conduct

The District believes students deserve the right to participate and learn in a safe environment which allows teachers to focus on instruction that accelerates achievement. To ensure that school is a quality atmosphere for all students at all times, the code of conduct and discipline policies outline consequences for misconduct that occurs at school, during a school activity whether on- or off-campus, on District transportation, or misconduct that involves the use of District technology. All District personnel are responsible to supervise and hold students accountable for violations of discipline rules.

Failure to obey standards of conduct may result in, yet is not limited to, verbal warning, community service, confiscation of property, principal/student conference, parent contact, loss of credit, grade reduction, course failure, removal from extracurricular activities, revocation of privileges including transportation, parking and technology privileges, detention, in- or out-of-school suspension, expulsion, and report to law enforcement. For offenses involving academic integrity, the student may also be subject to a loss of credit for work, a grade reduction, and/or course failure. The Board

authorizes the immediate removal of a student who poses a threat to self or others as determined by the principal, Superintendent, or the Board.

Any student who is suspended for any serious violation of the District's Student Discipline policy shall not be allowed while suspended to be within 1,000 feet of any school property or any activity of the District, regardless of where the activity takes place, unless:

- (1)** Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the Superintendent or the Superintendent's designee has authorized the student to be on school property;

Virtual/Online Courses I-160-S

The District offers online classes for students for acceleration, credit recovery, and options for students who need flexible schedules. Launch is the District preferred provider for virtual education. The courses are taught by Missouri teachers, are aligned with the Missouri State Learning Standards, and follow the same semester calendar as face-to-face classes. The requirements for the enrollment and approval process are outlined in District Policy. Students whose educational interests are best served through on-line options may take up to six credits per semester.

For more information regarding online courses, consult the secondary course catalog and/or speak with your school counselor. Additional information about resources and processes may be accessed on the District's website at <https://wpsd.net/cms/one.aspx?portalid=750812&pageid=24899724> and District Policy.

Technology Devices and Acceptable Use Policy

The District maintains an environment that promotes ethical and responsible conduct in all online network activities by employees and students. All authorized users are expected to acknowledge and comply with the rules and policies of technology usage and the District network.

Acceptable Use

All use of District devices and Internet usage must support educational purposes consistent with the District mission. Network accounts must be accessed only by the authorized user of the assigned account without an expectation of privacy from the District. Employee and student subscriptions to mailing lists and bulletin boards require prior approval by the system administrator. All online activity will be respectful and align with the code of conduct, discipline, and other related policies of the District. All technology of students will be monitored in compliance with the Children's Internet Protection Act (CIPA).

Unacceptable Use

Any use of the network for commercial, for-profit, political purposes or advertisement is prohibited. Excessive use of the network for personal business may be cause for disciplinary action. No use of the network may be used to disrupt the use of the network by others or to destroy, modify, or abuse the system in any manner. District resources may not be used to download software or other files unrelated to its mission. Use of the network to access or process pornographic, dangerous, or inappropriate files as determined by the administrator is prohibited. Elementary Grades and Progress Reporting

Parents will receive a report card at the end of each quarter. We also send a progress report home at the middle of second, third and fourth each quarter.

Elementary uses standards-based grading. Students are scored on a scale of 1-4 on how well they have mastered a standard. They are assessed through a variety of methods including tests, quizzes, conferencing, and daily work.

- 1 = Does Not Demonstrate Understanding
- 2 = Demonstrates Understanding with Support
- 3 = Demonstrates Understanding with Little/No Support
- 4 = Consistently Demonstrates Understanding

Behavior is also assessed for various expectations:

- + = Satisfactory
- = Needs Improvement

Specials Classes use the following scale:

- E = Exceeds Expectations
- S = Demonstrates Steady Growth
- L = Demonstrates Limited Growth

Secondary Grading System-Point System

All teachers will give a copy of their grading policy to the students on the first day of school. The grading system is as follows: All grades will be based on a point system. Everything that a teacher lists in the grade book will be listed by points, or percent, with the exception of quarter semester grades. Point totals at the end of each quarter and at the end of the semester will be used to determine the letter grade. Points are to be given for the following types of evaluation:

1. Tests minor/major
2. Homework
3. Class participation
4. Extra Assignments
5. Projects
6. End of Course Finals (for applicable courses)

Any questions about grades need to be made in a timely fashion. Inquiries should begin with the teacher. If questions remain, the next step is to discuss the issue with the principal. Grade Point Average (GPA) is computed for students beginning with their freshman year and is maintained throughout the senior year. GPA is used in figuring honor roll, honors designation, and Valedictorian and Salutatorian. The GPA is also given to colleges when they request student information for entrance as well as scholarship decisions. All grade point averages will be figured using a weighted system.

Junior High Retention Policy

Students in 7th and 8th grade must earn passing grades in the courses listed below in order to be promoted to the next grade level. If a student does not meet these minimum academic requirements, he/she will be retained in the same grade level for the following academic year.

- A student must pass 5 of the 8 core semesters in one school year. The core classes are math, science, social studies, and English. If a student passes 4 of the 8 core semesters, that student will have the opportunity to recover one core semester in summer school, which will then result in promotion upon successful completion.

Race Program

West Platte offers the RACE program for all juniors and seniors. To qualify, a West Platte graduate must maintain no less than a 95 percent attendance rate (cumulative), earn no out-of-school suspensions, and complete no less than 100 hours of community service (before graduation). Qualifying juniors and seniors can earn scholarship money for each AP or dual credit course taken with the following requirements: if taking an AP course, the student must earn at least a “3” on the final AP exam; if taking a dual credit course, the student must earn at least a “B” for the final grade. Juniors and seniors earn the scholarship incentive each year on a maximum of three classes in combination of AP and dual credit.

Academic Letter

Students who maintain a high level of academic achievement are eligible for an academic letter. The requirements are as follows: Senior High 9-12: GPA of 3.5 or better for two years (4 semesters) along with active membership in at least one academic club.

Schedule Changes

Most of the courses offered at West Platte are full year courses. Course changes will be kept to an absolute minimum. The schedule change policy below will be strictly enforced. Students are expected to adhere to the courses requested. A student’s schedule will be changed for the following reasons **ONLY**:

1. Prerequisite Courses: Many courses require a prerequisite. If a student has not met the necessary prerequisite, a new course will be substituted.
2. Duplicate Credit: The student has already taken the course and passed it (exceptions include: College Algebra/Trig for high school credit, then dual credit, Band, Flags, Choir, Physical Conditioning).
3. Graduation Requirement: A course that is required for graduation **MUST** be taken (this will usually only apply to seniors who are meeting graduation requirements during 2nd semester).
4. Failed Course: The student failed the 1st semester of a course and continued enrollment in the course is unlikely to result in a passing grade for 2nd semester.
5. More Challenging Course: Request to move to a more rigorous/challenging course (at the discretion and the teacher and administration).

If a schedule change is necessary, a Drop/Add Form with parent signature must be submitted to the counseling office at the start of the semester. Once the deadline (established by administration) has passed, requests for schedule changes will not be accepted. Students are expected to adhere to their schedules for the entire semester unless a teacher recommendation is made for a class change. Upon that recommendation, a meeting with the parent, teacher, student, and counselor will be initiated.

Removal From Class

A student will be removed from class only when the administration and teacher feel that removal is the best educational alternative for the student. Removal from a class for disciplinary reasons will result in a grade of F being placed on the student's permanent record.

Vocational-Technical School Requirements

To apply for the Northland Career Center, a student must be on pace to graduate in their four-year plan. The application process is similar to a job application, requiring letters of reference, statements of interest, as well as information from the principal and counselor.

Our goal is to provide all competitors with realistic feedback and knowledge to succeed in society.

Vision: Our vision at West Platte creates a culture that supports all programs by establishing a competitive atmosphere where all student-athletes possess a desire to win. Our program provides life-long experiences while developing positive citizens who exhibit pride in school and community.

Values:

- Integrity
 - Citizenship- guides decisions/actions in competition, classroom and community
 - Committed to doing the right thing at all times
 - Honest and straightforward with communication
- Respect
 - Sportsmanship
- Work Ethic
 - Effort
 - Perseverance
 - Team work
- Accountability
- Passion
 - Contagious, competitive spirit
 - Willing to sacrifice, always willing to put team before self

The following provisions apply to all Athletics and Activities governed by the Missouri State High School Activities Association. While the rules and regulations in some spots are more stringent for an athletic team than for an activity, these provisions govern both. There are several spots noted where a set of rules only pertains to an athletic team. Below are the Athletic teams and Activities offered by West Platte R-II

Athletics: Baseball, Basketball, Cross Country, Football, Softball, Volleyball, Track and Field, Wrestling.

Activities: Academic Bowl, Band, Cheer, Choir, Dance.

Athletic/Activity Program Philosophy

Interscholastic activities shall supplement the secondary curricular program. Most worthwhile experiences to students result in learning outcomes that will contribute toward the development of the attributes of good citizenship. Emphasis shall be upon teaching through school activities. To this end, only interscholastic activities are justified.

Definition of Athlete: Anyone participating in sports, band competition, vocal music competition, pompon or cheerleading.

Academic Requirements

The coaches, directors, and administration of West Platte High School believe the first priority of a student should be his or her academic development. Our athletic programs offer opportunities for social, physical, and emotional development, but these objectives are considered a second priority when compared to academic development.

Eligibility to participate in extracurricular activities is a privilege, which is attained by meeting the following standards. Only by abiding by all of these standards can you be considered eligible to take part in extracurricular activities. These standards are to be used as set forth by the MSHSAA which are also printed in this handbook.

1. Students must be enrolled in a minimum of six (6) subjects to meet the MSHSAA requirements.
2. Students must pass a minimum of 6 classes in a semester in order to participate in extracurricular activities the next semester.
3. In order for a student to remain eligible for extra-curricular activities they will also be expected to behave as a good citizen. Students who are habitually absent or late to class, who create problems in or out of the classroom, who must be continually spoken to by the administration, teachers or coaches, may find themselves ineligible for their actions alone. No student is to participate in any activity if he or she has not been in attendance the complete day of the activity without having made prior arrangements with the office and received permission to do so. This includes practices of any kind.
4. Those students who have an "IEP" program on file will receive special consideration in that they must make standard progress in all of their subjects.

5. Extra-curricular activities will be defined as all those events or activities which are associated with interscholastic competition with other schools.
6. It is the responsibility of each student to be familiar with these requirements.
7. Any student enrolling in school after the first eleven days of the school year will be placed on probation for that quarter until an official transcript is received from the previous school. If a student enrolls after the 4th week of a particular quarter, he or she will be on probation through the following quarter also. Once an official transcript is received, the status of that student will be reviewed.

Hopefully, the desire of each student to participate in extracurricular activities will motivate him or her to become a better student and citizen.

Citizenship Standards

The following is taken from the official Missouri State High School Activities Association Handbook.

“Students who represent a school in interscholastic activities must be credible citizens and judged so by the proper school authority certifying a list of students for competition. Those students whose character or conduct is such as to reflect discredit upon them or their school are not considered “credible” citizens. Conduct shall be satisfactory in accord with the standards of good discipline. A student shall not be considered eligible while under suspension. The student who is expelled or who withdraws from school because of disciplinary measures shall not be considered eligible for 365 days from the date of expulsion or withdrawal.”

The ideas reflected in these paragraphs have been used in the establishment of the following disciplinary provisions.

- *School Attendance*

Students must be in attendance on the days of participation in an event whether it be a practice or a game. To be in attendance a student must be in school all day with the exception of a doctor or dentist appointment, funeral or other principal, asst. principal, or athletic director pre-approved absence.

If a student is absent on a Friday, or the last day of the school week, he or she will not participate on the following Saturday unless it was because of a doctor or dentist appointment, funeral or other principal pre-approved absence. Students cannot participate in an activity until they have been in attendance for a full school day.

Participants must be in school, on time, the day after participation in an activity. Failure to do so will result in possible disciplinary action. Exceptions will be made if the parents notify the school before 9:00am that day and the absence or tardy is recognized as excused by the administration.

- *Truancy*

A second offense for truancy will result in removal from extracurricular activities, as detailed below:

Truancy or Tardiness– Absence from school without the knowledge and consent of parents/guardians and the school administration; excessive non-justifiable absences, even with the consent of parents/guardians; arriving after the expected time class or school begins, as determined by the district.

Subsequent Offense: Detention or 3-10 days in-school suspension, and removal from extracurricular activities.

- *Practice Attendance*

A participant who misses a practice will be excused only if he or she has informed the coach in advance of the missed practice. Absences that will normally be considered excusable include doctor or dentist appointment, funeral or other principal or coach pre-approved absence. The penalty for unexcused misses from practice is discussed in the next section of this handbook.

- *Inappropriate Behavior In School*

Participation in athletics is a privilege granted to those students who show the ability to conduct themselves properly in school. Participation is not a student's right. Participants must therefore maintain a certain degree of good conduct in the classroom and other school settings or activities. The privilege of participation may be taken away if a participant has excessive behavioral issues.

If a student is assigned an **Out of School Suspension** he or she, on the first offense in an academic year, will be ineligible to participate in extra-curricular activities during the suspension. Each coach/director will deal with any additional consequence during that season.

Inappropriate behavior in school that results in an **In School Suspension**, or cases of unexcused absences from practice will be dealt with and considered as being equal offenses. The athletic director, sponsor or coach will deal with the participant.

- *Inappropriate Behavior At An Event*

Athletics/Activities is one of the most visible parts of our school system. Rarely is the public given an opportunity to see the other functions of our school as often as they see our athletic or activity programs.

The behavior of our participants is very important. Our participants represent not only themselves but also their classmates, parents/guardians, school and community. We must therefore stress proper behavior and the consequences for improper behavior in our athletic/activity programs.

A participant exhibiting unsportsmanlike behavior due to uncontrolled anger or frustration will be removed from that contest and miss the next contest. This includes cursing, verbal threats, or physical confrontation during a contest.

Fighting in any form will not be tolerated. Fighting includes pushing, wrestling, striking or any other aggravated act toward another person. If attacked by another, we expect our participants to protect themselves and then back away from the situation. Striking a person, no matter who initiates the situation, will not be considered self-defense. If a participant is involved in this type of situation and acts in a manner other than simply protecting him or herself, he/she will then have been considered to be fighting. If a participant fights, he or she will be removed from the remainder of the current game and held from the next contest.

- *Missing Competition*

A participant receiving the consequence of missing a contest will travel with the team and sit on the bench, or any other area designated for the team, for that contest, and the student will not attend in full uniform. For the purpose of these rules, a contest is defined as all pre-game routines through the length of competition played on one date. A contest in track would be one entire meet and a contest in volleyball would be one entire match. A two-day event, such as state/district wrestling or track meets will be considered as one contest.

- *Tobacco, Alcohol, Drugs*

The use of tobacco products, alcohol, or drugs, limits a participant's ability to perform up to his or her potential. If a coach or school administrator confirms that an athlete is culpable of using or possessing tobacco, alcohol, or drugs, whether in season or out of season, the first offense will result in a suspension for 25% of the team's contests. If the athlete is not participating on a school team at the time of the infraction, he/she will serve 25% of the team's contests in the next sport he/she participates in. Participants must practice but will not be allowed to participate in any scheduled contests or pre-game routines during this suspension period. A second offense will result in a suspension from all extracurricular activities for the rest of the school year. A third offense will result in a suspension of 365 calendar days from participating in extracurricular activities.

Injuries

It is important that participants inform a coach of any injuries sustained during a practice or contest. In most cases the coaches will be aware of participants who are hurt, but situations can happen where the coach might not have noticed an injured athlete. Coaches must be informed of any such cases so that the proper actions are taken.

Athletic Trainer

West Platte School District contracts the services of an Athletic Trainer. The trainer will be at all home events, setting a priority on where the trainer is most likely needed on dates when there are multiple home events. The trainer will also travel to away high school football games due to the high risk of injury. If there are no home events (or away high school football games), the trainer will be available on the complex for practices.

Participants who have missed practice or school at a doctor's request must have a doctor's release before he/she will be allowed to practice. This is for your safety as well

as ours. In certain situations, the school may require a doctor's release before participating.

Dress Code

Individual coaches/directors may establish dress codes for their participants on contest days and penalties for not being in compliance. All participants representing West Platte High School are expected to wear appropriate clothes. Participants should dress up when attending award ceremonies. Hats or ball caps are not considered part of appropriate dress. Uniforms should never be worn by any person to whom the uniform was not checked out. Special exceptions may be made at times with the approval of the principal or athletic director. Any clothes or uniforms associated with an athletic activity are not to be worn inside out.

Transportation

Participants must ride the school bus to games. Exceptions may be made for the participant to ride with a parent, coach, director, or school administrator in emergency situations such as a doctor or dentist appointments, funerals, and others. These arrangements must be communicated to the sponsor or an administrator prior to the event.

Participants will be expected to ride the school bus back to their home community or to West Platte following a contest. Exceptions will be made only when the participant's parent(s) or legal guardian communicates to the activity sponsor or coach, granting the athlete permission to use another means of transportation, or if the parent(s) or guardian signs a standard sign-off sheet for alternate means of transportation home from an event. A failure to comply for the first time will result in a punishment decided on by the coach, director, and/or athletic director. A second offense could be a cause for suspension.

Debts Due to Loss of Equipment

Expensive equipment and uniforms are checked out to the participants for their use in our programs. The participants and their parents are responsible for the proper care and washing procedures of these items. The athlete, or parent/legal guardian, will pay for items that are lost, stolen or damaged through improper use or excessively faded and discolored by improper washing. These measures are necessary to enable the athletic program to continue to outfit participants and provide the safest equipment affordable.

If a participant owes money to the athletic department because of equipment not returned or damaged, he or she will not be allowed to participate in any contest of any sport until the money has been paid. The athlete will be allowed to practice, thus giving him or her an appropriate amount of time to pay the fines.

Letter Policies

Individual coaches/directors may establish letter policies for the participants in the sports in cooperation with the building administrator. A copy of those policies will be on file in the athletic director's office and may be viewed upon request.

Training Rules

Individual coaches/directors may establish training rules for the participants and penalties for those not following those rules in cooperation with the building administrator. These training rules will be given to the participants when the pre-season practice begins. An athlete who is dismissed for disciplinary reasons will not be allowed to join a different athletic team during the same season.

Tattoos

Inappropriate tattoos will be covered before individual participation will be allowed. Inappropriate would be described as obscene, offensive, gang related or pertaining to drugs or alcohol.

Parent/Coach Communication

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, everyone is better able to accept the actions of the other and provide greater benefit to students. The following is an outline of what all parties may anticipate.

Coach expect from Parents:

1. Concerns expressed directly to the coach.
2. Notification of any schedule conflicts well in advance.
3. Specific concern in regard to a coach's philosophy and/or expectations.

Parents expect from Coach:

1. Philosophy of the coach.
2. Expectations the coach has for your student as well as all the players on the squad.
1. Location and times of all practices and contests.
2. Team requirements, i.e. fees, special equipment, off-season conditioning.
3. Notice of discipline resulting in the denial of your student's participation.

Appropriate Topics:

1. The treatment of your student mentally and physically.
2. Ways to help your student improve.
3. Concerns about your student's behavior.

Inappropriate Topics:

1. Playing time.
2. Team strategy.
3. Play calling.
4. Other student-athletes/participants.

If you have a concern to discuss with a coach, the following procedure should be followed. Call to set up an appointment with the coach. Do not attempt to confront a coach before, during, or after a contest or practice. These can be emotional times for both the parent and the coach. If you do not receive a satisfactory resolution you may call the athletic director and set up a meeting with the coach, principal, and athletic director. At this meeting the appropriate next step can be determined. Please keep in

mind all parties should have the goal of maintaining a positive experience which promotes team values and goals.

These circumstances include, but are not limited to: broken home conditions, death of parent(s) or guardian, abandonment, and provided the transfer was not for athletic reasons and there was no undue influence.
- A student must be eligible in all respects at the school from which he or she is transferring to be eligible at the school to which he or she is transferring.
- Even though a student transfers schools under circumstances which do not meet the terms of the Transfer of Enrollment Standards, he or she still may be granted eligibility to participate in interscholastic athletics if the student qualifies under the following terms and conditions; (1) the student whose name has been included in a school eligibility roster at any level for a given sport during the 12 calendar months preceding the date of such transfer can be eligible only for sub-varsity competition in that sport. (2) The student may have unrestricted eligibility in all other sports in which his or her name has not appeared on a school eligibility roster. Eligibility can be granted provided the athletic eligibility is approved by the principals of both the sending and receiving schools; the Board of Control and provided there is no athletic purpose involved in the transfer. (approval must be granted in the special MSHSAA form provided).
- **LIMITS ON CONTACT** *(excludes band and choir)– Junior High and High School

A limit of 20 contact days is allowed per sport, per gender during the summer. Sports contact between any coach for a particular sport and gender and any student enrolled at the member school or who will be enrolled in and attending the member school that fall will count as one day of contact toward the limit of 20 days for that sport. Weights and conditioning is not considered contact for the purpose of this rule.

- College/University-Conducted Events for Individual Students During the School Year

Students may participate in athletic recruiting or instruction events that are directly sponsored by a college or university, conducted by that college or university's coaching staff for the sport concerned, and held on its campus, under the following provisions.

- a. Compliance with Governing Body: These events shall adhere to the rules and regulations for such offerings as outlined by the governing body of which the college or university is a member (NCAA, NAIA, NJCAA, etc.).
- b. College/University-Conducted Recruiting Events: Events in which one or more students participate in physical activity including individual or group drills and/or limited scrimmages (not complete games) for the purpose of revealing, demonstrating or displaying the student's athletic abilities in a specific sport to the coaching staff of the organizing college/university for recruiting purposes. During the academic year, no school time may be missed to travel to or participate in the event, without the prior approval of a school administrator
- c. College/University-Conducted Individual Instruction Events: Instructional clinic or group lesson events which involve individual instruction in a specific sport that is provided by college or university coaching staff and include activities designed to improve overall skills and general knowledge in the respective sport. The primary emphasis shall be on teaching individual player skills, and there is no complete game competition other than limited scrimmage situations. During the academic year, no school time may be missed to travel to or participate in the event, without the prior approval of a school administrator. The student does not have to be accompanied by an approved school coach during the respective interscholastic sport season.

Each individual school has the authority to set more restrictive citizenship standards and to judge students under those standards.

Any member school has the authority to set any restrictions that it deems advisable.

Guidelines for Non-Traditional Students who Desire Eligibility to Participate in MSHSAA Activities/Athletics

1. Non-traditional students must enroll and attend two classes (1.0 credits) each semester. Pursuant MSHSAA By-Law 2.3.4.c, these two classes must be seat-time classes taken within the school building they desire eligibility with.
2. Non-traditional students shall attend the school within their attendance area in which the student resides per West Platte board policy.
3. Upon initial enrollment the building principal or designee will review past classes, academic history, credits, logs, attendance, transcripts, etc. to determine "prior semester" credit earned to determine eligibility status.
4. The building principal or designee will review current semester classes enrolled in to approve and validate "outside" courses/credits are sufficient in allowing the nontraditional student to meet the 80% rule.

5. Non-traditional students will be provided clear confirmation of West Platte close date of the semester: this same timeline for completion of courses will also be in place for nontraditional students outside courses.
6. Non-traditional students must meet the essential eligibility standards, including the citizenship standard, semesters rule, age rule, etc. as traditional students.
7. If the non-traditional student participates in band or choir, they must be enrolled in the associated class in order to participate in music activities.
8. All non-traditional students will be held to the same policy and standards as traditional students set forth by West Platte student and activity handbooks.
9. Once enrolled, non-traditional students must enroll in all sequential semesters to maintain eligibility.

It should be noted some programs offered by West Platte are cut sports/activities with a tryout process. Non-traditional students will have the same opportunity as traditional students to make teams in cut sports through the try-out process, but no student is guaranteed a spot on any athletic team

NOTE: If you have questions regarding any rules, regulations or procedures concerning the athletic program, please contact the respective coaches, the athletic director or school administration.

NOTE: Any of these rules may be superseded by board policies or a MSHSAA rule change.

Extra-curricular Activities and Clubs

Extracurricular activities sponsored by the District are part of the educational experience and opportunities for students. Clubs, sports, and other groups seek a diverse range of students and provide fair access under the law. Students are encouraged to identify activities matched to their interests and ability levels and participate in those activities. Participation in extracurricular activities is voluntary and a privilege. Therefore, students must meet certain academic standards, demonstrate acceptable citizenship and behavior, and maintain appropriate attendance in order to be eligible to participate. Unless special arrangements have been made with the principal, a student is required to attend school on the day of an activity in order to participate. All extracurricular activities are supervised by District employees and the expected code of conduct for students remains the same as during the standard school day. Additional guidelines for specific groups, including activities sanctioned by the Missouri State High School Activities Association (MSHSAA), may be outlined at the beginning of the year and/or season. Competitive, interscholastic activities may have evaluation procedures that eliminate some students from participation. When students are not selected for participation, communication will occur in a personal and respectful way.

State Eligibility for Co-Curricular Activities - The following regulations concerning student eligibility are set by the MSHSAA. All schools that participate in co-curricular activities on a competitive level must belong to MSHSAA and abide by the state rules. Besides the ones listed, there are other eligibility requirements that relate to specific areas. Should you have questions or need information related to one of these, please contact the principal's office.

Sportsmanship - If you should commit an unsportsmanlike act while participating in an activity, you will be subject to consequences from school administration. If your conduct as a spectator is found to be unsportsmanlike you could be barred from attending any athletic contests.

The items within this handbook are subject to change by approval from the West Platte Board of Education or administration. Any decision made by the Board of Education will be implemented as approved.

School Cancellations and/or Early Dismissal

School will be closed when weather conditions are such that buses are unable to run safely. A broadcast will be made utilizing the District's communication system to notify students and parents/guardians. Announcements will also be made on Kansas City TV and radio stations and the District website. Please do not call the administration or radio/TV stations for this information.

At times, school may dismiss early during the day. In the event such a closing should occur, a broadcast will be made and media notified. Information should be given to your child as to what s/he should do if this situation arises. Please keep a watch on the weather, especially in the winter months. If the school needs to send your student to another destination or phone someone to pick her/him, please have this information on file in the office. Time is short in emergency situations and every effort will be made to keep students safe.

All changes/cancellations to extra-curricular activities and sports will be reflected on the online district calendar, website, and district social media (when possible). When available, the athletic director will send out recorded phone messages to participants and their parents about changes and cancellations. Addresses and directions to away events are listed on the district calendar on the appropriate date.

Arrival and Dismissal Procedures

Leaving School

Students will be permitted to leave school under the following circumstances:

1. Illness-verified by the office.
2. Presenting a valid doctor or dental appointment card.
3. By parents telephoning the school. A person other than the parent will be accepted if prior written permission is on file in the office.
4. By parents coming to the school personally to get the student.
5. Note from parent. The note should be given to the office upon arrival at school in the morning.

A pass to leave will be issued. The student will present the leave pass to the appropriate teacher and to the office before leaving the building. Note* All reasons for allowing a student to leave the building do not translate to excused absences. Leaving school for lunch is considered an act of truancy.

Elementary Arrival/Dismissal

Students may begin entering the building when the doors are unlocked at 7:35. Students that enter after the tardy bell at 8:05 must have a parent sign them in at the elementary office.

At the end of the school day, parents are asked to wait outside in the designated area for their child. Follow the established traffic pattern of 2 car lines in the elementary parking lot. Staff will be on hand to ensure students' safety; parent cooperation and attention during this time is also essential.

Car riders, Feathers, and walkers will be released at 3:05
Bus students will be released at 3:10

Before/After School Care Program

The West Platte School District offers the Feathers Program for students who need before and after school care. The program is designed to provide a safe, well-supervised and fun environment for children preschool through 6th grade. Each day students can work on homework, enjoy snacks, and participate in a variety of indoor and outdoor activities. We have a variety of indoor and outdoor activities that students may choose from. A snack is provided each day. The registration fee is \$25 per student.

We offer several scheduling options to fit your needs. You can enroll in full time before and after school care, full time after school, part time after school, full time before school, or part time before school. Students who attend 3 days or less are considered part time. We have a limited amount of drop in spaces available for families that are enrolled. For full time before and after school care, the rate is \$240 per month and for part time before and after school care, the rate is \$160 per month. If you need additional prices, please contact Mrs. Tanya Lock.

The Feathers program follows the school calendar. We are open on any day when school is scheduled from 6:30 a.m. to 7:30 a.m. and 3:05 p.m. to 6:00 p.m. We have extended hours on early release days for an additional fee of \$5.

If you are interested in Feathers, or would like more information, please contact Mrs. Lock through the elementary office at **(816) 640-2811** or visit the District's website at: <https://wpsd.net/cms/one.aspx?portalid=750812&pageid=981532>.

Deliveries

Deliveries must be made to the office and can be picked up by students at the end of the school day.

Parties/Celebrations

Elementary: students are allowed to bring treats to share with their classmates on their birthday. They should require minimal time to hand out and there should be enough for

the entire class. Keep in mind food allergies in your child's class. Only store-bought, sealed, and packaged items will be allowed.

Lockers

All secondary students are assigned lockers at registration. Backpacks should remain in lockers during the school day. Lockers will be checked periodically, and students are directly responsible for the contents and cleanliness of their locker. Students will be charged for damage to their locker and are subject to random and arbitrary searches by the administration, as well as searches to maintain the integrity of the school environment. Locker changes are to be made in the office. To assist all students with security, the school has purchased locks for each locker. For this reason, it is the expectation of the administration that assigned locks be used and turned in by the students at the conclusion of the school year. Any damaged or missing locks will result in a \$5.00 fee.

Supply Lists

Supply lists are available on the District website.

Student Parking

The first two rows are reserved for staff until after 7:40 AM. Upon arrival, students must enter the building promptly.

Counseling

Counseling services are available in the areas of academic, social/emotional, and post-secondary/career preparation. Social work services are available through Tri-County. For more information, please contact the counselor.

Master Calendar

The master calendar is located in the front office. All events that involve West Platte Students must be placed on the calendar at least two weeks in advance.

Books, Materials, Supplies and Uniforms

During the course of the school year, students normally check out books and materials purchased at school expense. It is implied in each case the students will take reasonable care in the use of these materials and equipment. In instances where care has not been taken by the student, the student is responsible for payment of damages of these materials. The ruling also applies to co-curricular activities. Students who damage or fail to return books, equipment, uniforms, etc. will be charged for their replacement.

Tutoring

Please inquire with individual teachers and our counselor. The school offers several tutoring opportunities for students.

Field Trips

Field trips are set up by grade level teachers to enhance curriculum. Students are required to have a permission slip signed by a parent. Any student not having a permission slip signed by a parent/guardian and on file at school is not permitted to go on the field trip. Please be reminded that fieldtrips are an earned privilege. If a student is not performing in the classroom, it is possible he/she will not attend the fieldtrip.

Recess

An important component of school is recess. Winter sometimes causes modifications in recess play, but we feel it is still important the children go outside when weather permits. We may have different opinions as to when weather (particularly temperature) is acceptable for outdoor activities. We assure you the teachers who supervise playground activities are aware of the weather conditions and would not deliberately jeopardize any child's well-being; but, these teachers also know the importance of 10 minutes of healthy play by appropriately dressed children. We ask for your support in this matter by reminding your child to wear their gloves, hat, etc. when going outdoors.

Parent Teacher Conferences

The West Platte School District has 2 scheduled parent/teacher conferences each year. This is a time for parents to discuss the progress and needs of their child with the teacher. Teachers or parents may request a conference at any time during the school year.

Personal Possessions

It would be helpful if your child's personal possessions, such as coats, hats, boots, gym shoes, gloves were labeled with your child's name. Do not bring anything irreplaceable or large amounts of cash to school. The school is not responsible for lost or damaged items. All trading cards, games, iPods, Gameboys, or toys of any kind should be left at home as it causes a distraction to the learning process. Student cell phone usage at school is prohibited, as this will cause classroom disruptions. If a student brings a cell phone to school it must remain off and in the student's backpack. If a student uses a cell phone at school during the school day the cell phone will be confiscated, this does include texting. Any electronic device confiscated at school must be picked up by a parent/guardian.

Emergency Drills

Fire Drill - Procedure for fire drill will be done by announcement over the intercom. Each room will have instructions posted as to what procedures and exits are to be used for each particular class. Regularly scheduled drills will be performed to help improve the efficiency and safety in case of a fire. All students are asked to follow the directions of the teachers in the event of such an emergency. The following general procedures should be observed by each student: DO NOT TALK-SILENCE is essential even in a drill so that persons needing help can be heard and so that all students can hear the directions that are being given by the teacher in charge. Leave all books, etc. Do not try to go to the lockers or get belongings. Walk don't run or push. Upon leaving and

returning to the building students are not to be getting drinks or going to the rest room. This is an emergency drill, not a class break. Remain quiet after leaving the building until the all-clear has been announced.

Tornado Drill - Procedure for Tornado drill will be done by announcement over the intercom. Each room will have instructions posted as to what procedures and exits are to be used for the particular class they are in. Again, the same general procedures used for the fire drill apply to a tornado drill. Please follow them.
